

PELICAN LEGENDARY LIFETIME GUARANTEE OF EXCELLENCE

Pelican Products, Inc. guarantees its products for a lifetime against breakage or defects in workmanship. Pelican™ injection molded cases are guaranteed to be watertight to a depth of 3.3 feet (1 meter) for 30 minutes (IP 67) unless otherwise stated if properly closed with undamaged o-ring in place. Pelican's liability is limited to the case and not its contents or foam. This guarantee does not cover the lamp or batteries (rechargeable or alkaline) for lights. Any liability, either expressed or implied, is limited to replacement of the product. This guarantee is void if the Pelican product has been abused beyond normal and sensible wear and tear. This guarantee does not cover shark bite, bear attack or damage caused by children under five.

Guarantee does not cover Roto molded products. Refer to www.pelican.com/warranty for full details.

2009 | FULL LINE BROCHURE

You've got equipment to protect, and a Pelican Storm Case is the best way to do it. Why? It's all about the resin: our proprietary HPX® polymer is proven to resist impacts even in low-temperature laboratory testing. But the real proof is in the bragging rights that come with survival. Because

to a Pelican Storm Case, whether falling from a helicopter, crashing down class V rapids or taking a hit in the center lane of the New Jersey turnpike is all in a day's work.

Press & Pull® Latches

These smooth-opening, dependable, patented latches hold tight under pressure and impact despite fast-opening performance. Tested to over 400 lbs., yet open with a simple release button.

Molded-In Lockable Hasps

Twin mating hasp holes on the rim of the case allow attachment of padlocks to keep your gear in and thieves out. And check out Pelican's TSA approved cable padlock. Now you can check your baggage with confidence while flying in the USA. The Travel Security Agency has the key, and you have the combination.

Rugged In-Line Wheels

Shielded from dust, dirt and other contaminants – ball bearing wheels provide low-friction, low-drag rolling with retractable handles for easy movement of heavy loads. Look for the  icon for availability on select models.

Double-Layer, Soft-Grip Handles

When the weather goes south you'll find a secure grip that won't slip. An in-tool vulcanizing process over-molds the grips to the polymer handle for a lifetime of dependable performance.

Vortex® Pressure Release Valve

The built-in technology of Pelican Storm Cases automatic pressure equalization valve is also a patented feature. Air travel prevents vacuum lock to make opening the case natural even after extreme altitude changes. At the same time, the microscopic filter blocks water molecules and dust particles so your gear stays clean in the Gobi and dry on the Nile.
